Highways Association Pro-

pose Levy of 10 Cents

Jefferson City, Dec. 10,-The sec-

ond meeting of the state highways

association took up today the ad-

visability of asking the general

assembly to submit a constitution-

al amendment providing for a

straight tax of ten cents on the

\$100 valuation for permanently 'm

proved highways and also for the

enactment of a law creating a state

These measures were prepared

by a special committee of the

association composed of John M.

Atkinson, Judge M. V. Mize of In-

dependence, Sid J. Roy of Hanni-

bal, George B. Ellis of Columb's

and Walter B, Robinson of St.

amendment provides that all mos-

ey derived from the lavy shall be

set apart and apportioned to the several counties as a permanent

fund for the construction and min

The proposed act establishing a

state department of public roals

provides for a commissioner to be

appointed by the governor at an

annual salary of \$3,500, and the appointment by the commissioner

\$2,5000 a year and an assistant

The state is to be divided into

two districts, from east to week,

one to be known as the northern

and the other as the cou hera dis-

trict. There may be subdivided.

The department is to have control

over all state money e-per ted on the highways, so that no state

state money shall be expended in

any county except upon such meth

ods of construction or mainten-

ence as are approved by the de-

The proposed tax of ten cents

on the \$100 would produce 2 mil-

Malleable Iron

Malleable iron, being non breakable, permits the manufacturers to cold-rivet all joints, making them pract cally air-tight. No heat escapes, or cold air enters range, thus heating the oven quickly and right with about half the fuel used in a range made of cast iron, where joints must be bolted and tasted together with stove putty.

All ranges will work right at first and until the bolts and stove putty get loose; then the trouble commences. You are compelled to u-e twice the fuel, not only running your fuel bill up, but burning out your range and increasing the repair bill, to say nothing of its short life. With a Majestic Malleable and Charcoal Iron Range, where all parts are band-riveted they can't come loose your repair and fuel bill is small, and life of range is three or four times as long. No range can be made better. Price \$50.00 with out reservoir, \$58.00 with reservoir. Do not pay \$70.00 or \$79 00. Let us show you.
